## **KFORCE INC. ACQUIRES BRADSON CORPORATION**

**TAMPA, FL** – October 2, 2006 – Kforce Inc. (NASDAQ: KFRC), a professional staffing firm, today announced the completion of a transaction to acquire Bradson Corporation, a privately held company based in Arlington, Virginia. Bradson has been a prime contractor of finance & accounting professional services to the federal government for over 20 years. Bradson's primary customers include the Department of Defense and the Department of Homeland Security.

Bradson produced revenue of approximately \$26.6 million for the twelve months ended June 30, 2006 and is expected to generate approximately \$30.6 million in revenue in calendar 2006. EBITDA for the six month period ended June 30, 2006 was approximately \$5.2 million and for calendar 2006 EBITDA is expected to be approximately \$11.1 million. A Kforce subsidiary (Kforce Government Holdings, Inc.) will pay \$73 million for 100% of the stock of Bradson. Kforce, on a consolidated basis, also expects to realize a future cash tax benefit with a net present value of approximately \$13 million as a result of the election to classify the transaction as an asset sale for tax purposes under section 338(h)(10) of the IRS code. In addition, the transaction was subject to Bradson delivering \$4 million in working capital at the time of closing. The transaction was financed through proceeds from the Firm's recently amended Credit Facility. Subsequent to closing, Kforce had approximately \$106 million of debt outstanding. Kforce anticipates modest integration expenses and believes the transaction will be accretive for 2007.

David L. Dunkel, Kforce's Chairman and Chief Executive Officer said, "We are very pleased to finalize the acquisition and welcome the highly talented professionals from Bradson to the Kforce family. We believe this step is a significant enhancement of the Kforce footprint in the prime federal government sector, particularly in the federal finance and accounting discipline. We believe we have now completed our strategy of acquiring a federal government services platform. We expect Bradson's unique characteristics, capabilities and assets will bring our prime and subcontract revenues to over \$100 million annually. We also expect to achieve organic growth as Bradson is integrated and the synergies of our entire Kforce Government Solutions Group are captured." Ron Bradley, former majority shareholder and President of Bradson stated "I am very proud of our many achievements and I am confident that under David Halstead's leadership the entire team will prosper from the many resources that Kforce will provide them. We are very impressed with the Kforce culture of Great People = Great Results."

William L. Sanders, Kforce's President said, "Bradson has an outstanding reputation in the federal government sector. The Bradson leadership team, project managers and employees are outstanding and have expertise and relationships that compliment our existing business." Mr. Sanders continued, "Kforce Government Holdings, Inc. is now led by Pat MoneyMaker and its two subsidiaries are led by Presidents David Halstead and Larry Grant. We believe this management team is outstanding and now has the scale and expertise for market appreciation to drive organic growth."
